NOTE: In January 2021 NCBC members voted to continue assessing themselves on the sale of blueberries for another 6 years at the rate of 0.65 cents per pound fresh and 0.33 cents per pound frozen. The assessments serve as a means to promote research, education and general welfare of blueberries. Any person who produces less than 10,000 pounds of blueberries that are sold locally are exempt from assessments. Assessments are collected by the NC Department of Agriculture and paid to NCBC. Instructions for setting up your account for remitting assessments can be found on our website, www.ncblueberrycouncil.org.
